We represent and advise Owners/Agencies who are undertaking capital development projects. Our particular strength is in planning, procurement and management of public projects. PMSI was founded by Bill Shepler, a professional engineer and service disabled veteran who served with the Seabees in Vietnam. We have over 30 years experience providing planning and project administration oversight for a variety of project types.

CORE COMPETENCIES:

- **Project Planning:** Goal Setting, Space Planning, Design Criteria, Stakeholder Engagement, Site Selection and Analysis, Budgeting, Scheduling, Master Planning, Assessments, Studies..
- **Project Delivery:** Strategic Acquisition Planning, Delivery Method Analysis, Market Research, Risk Analysis. Design-Build Professional and Instructor.
- **Program Management:** Procurement, Design Review, Reporting, Construction Management, FF&E Coordination, IT Systems Coordination, Project Close-Out, Move Management, Operations Planning.
- **Project Types:** Civic, Criminal Justice, Corporate, Manufacturing, Industrial and Healthcare.

DIFFERENTIATORS:

- **Dedicated Leadership:** PMSI Senior management is intimately involved with each and every project. Always the "A" Team. There is no "B" team.
- **Seasoned Experience:** Each member of the PMSI team has decades of professional experience. This depth and variety provides invaluable insight for all issues.
- **Time-to-delivery** of projects is a key factor for PMSI. PMSI strategies bring innovative approaches and solutions that reduce both time and cost while maintaining the highest level of *quality*.
- **A Deep Bench:** PMSI has developed long-standing subconsultant relationships with recognized subject matter experts that bring particular knowledge and expertise to support our services on each project.
